

12/4/94-00671

The U.S. Department of the Navy Invites Public Comment on the Draft Final Community Relations Plan (CRP) for the Installation Restoration (IR) Program at the Naval Amphibious Base (NAB) Little Creek, Virginia and Announces the Availability of the Following Documents Pertaining to the IR Program:

- * Final Remedial Investigation/Feasibility Study (RI/FS)
- * Final Decision Document for the Site 11 Removal Action
- * Final Site Inspection (SI)

In accordance with the guidelines established for the Navy's IR Program, the Department of the Navy invites public comment on the Draft Final CRP for the NAB Little Creek, Virginia. The CRP outlines the Navy's plan to provide information and the intended communication techniques to be used to promote constructive and effective communication between NAB Little Creek and the community regarding environmental restoration topics.

The Navy also seeks to inform the public of the availability of the Final RI/FS, the Final SI, and the Final Decision Document for Site 11 and to encourage the public to comment on documents as they are placed in the Information Repositories and Administrative Record.

The review period for the Draft Final CRP will expire on December 30th, 1994. Comments on the Final RI/FS, the Final SI, and the Final Decision Document for Site 11 may be made at any time and will be used in preparing for future site activities as appropriate. In addition, a Draft Final Site Management Plan will be available for review on December 30, 1994.

All of the listed reports and studies are available for public review during normal business hours at each of the following information repositories:
